

Kudzai Murimi

Frontend Developer

CORE SKILLS

- React
- Angular
- Next.js
- Vue.js
- React Native
- TypeScript
- Tailwind CSS
- NgRx
- Redux
- RxJS
- Node.js
- PHP
- Laravel
- RESTful APIs
- GraphQL
- MySQL
- MongoDB
- Nginx
- Docker
- Git

CERTIFICATIONS

- Advanced Angular & TypeScript Certification
- Software Engineering Certification

EDUCATION

- Advanced Angular & TypeScript Certification, 2023
- Software Engineering Certification, 2025

PROFESSIONAL SUMMARY

Innovative Full-Stack Developer with over 6 years of experience in building responsive, scalable web applications using modern frameworks such as React, Angular, TypeScript, and Laravel. Proficient in designing performant front-end architectures, integrating RESTful APIs, and implementing robust state management solutions. Adept at delivering user-focused software and mentoring junior developers. Open to remote Frontend or Full-Stack Developer roles.

PROFESSIONAL EXPERIENCE

Frontend Developer

WorldMobile

Dec 2024 - Present

- Optimised SPA architecture via Angular interceptors, improving data freshness by 40%.
- Redesigned My eSIMs page with Angular Material, enhancing UX consistency across the platform.
- Implemented OnPush change detection and lazy loading, boosting performance by 30%.

Frontend Engineer

Pagora

May 2024 - Nov 2024

- Built a React-based admin dashboard managing complex payment systems handling 1,000+ daily transactions.
- Authored front-end architecture documentation, improving developer onboarding time by 40%.
- Optimised component rendering and state management, reducing page load times by 35%.

Full-Stack Developer

JUSAMUSHA

Jan 2024 - May 2024

- Architected VAS platform features serving underbanked immigrant communities across 3 countries.
- Built and tested RESTful APIs, improving API stability and reducing front-end bugs by 25%.
- Led marketing site redesign with Next.js, improving load performance by 45% and engagement by 30%.

Frontend Developer

MoneyBadger

May 2023 - Dec 2023

- Enhanced admin interfaces with React Native, improving administrator efficiency by 40%.
- Configured Nginx deployments with SSL and authored step-by-step technical documentation.

- Integrated PrestaShop APIs enabling real-time payment status updates.

Full-Stack Developer

LekkerInvoice

Jan 2019 - Apr 2023

- Built and deployed a React invoicing platform processing R2M+ monthly via InstantEFT integration.
- Developed reusable UI components with reactive validation, reducing form error rates by 50%.
- Mentored 3 junior developers on React best practices and component-based architecture.

KEY ACHIEVEMENTS

- Optimised SPA architecture, improving data freshness by 40%.
- Redesigned and enhanced UX for My eSIMs page using Angular Material.
- Built a React-based admin dashboard handling 1,000+ daily transactions.
- Architected features for a VAS platform serving underbanked communities across 3 countries.
- Developed a React invoicing platform processing R2M+ monthly, reducing form error rates by 50%.
- Published technical articles on Angular development, TypeScript best practices, and frontend architecture with over 3.5K views.
